
Piano Lessons at St John's School

Is your child interested in music? If so, why not introduce them to the piano with convenient lessons, during school hours

Learning any musical instrument builds focus and confidence and boosts creativity.

Lessons are available for all abilities from year 2 upwards.

There are currently spaces available for private piano lessons during school time on Tuesday mornings.

If you would like your child to be allocated lessons this term, please contact the office as soon as possible as spaces are limited.
