

Sport Premium Report

From September 2013, all schools have been provided with funding to support the Olympic legacy and to enable the delivery of effective sports provision. Within the Diocese of Salisbury Academy Trust we aim to provide high quality sport. At St. John's, over a number of years we have provided the following:

- *Release time to allow teams to compete in inter-school sports competitions*
- *The upgrade and improvement of the range and quality of PE resources*
- *Training and skill refreshment of staff engaged in delivering PE and school sport*
- *Transport to taster sessions for Outdoor Adventurous Activities*

Impact Report for 2024-25

Our Sport Premium Funding for the academic year was £17770. This money was used as follows and impacted as detailed below:

Activity	Budget	Impact
Scrapstore scrap top-up	£1151	• Children are more active at lunch play • Behaviour incidents are reduced • Teamwork and friendships are improved • Children participate in play that develops physical development skills and confidence.
PE leader release time	£2000	• This time was used to lead PE and sport across the school so that PE is being taught well, children are active during the school day, children are engaged in local sport opportunities and the funding is spent effectively. • This included the monitoring and evaluation of PE across the school, with a focus on ensuring the lowest 20% are supported and that the fundamental movement skills are developed in early years. • The PE lead took children to local sports events including athletics, football, netball, swimming gala, hockey, multiskills and a gifted and talented event. The children got to represent their school and work on skills such as teamwork and courage. • The least active children were identified across the school and were invited to events to promote enjoyment of physical activity. All KS2 children attended at least one extra-curricular sports activity this year. • New staff were given a PE induction to enable them to provide high quality PE lessons throughout the year. • All children enjoyed a well organised sports day and upper KS2 children participated in football and netball tournaments for their school houses. This gave all children a chance to compete,

Activity	Budget	Impact
		regardless of ability and experience. Interest in football and netball club increased after this event. Year 6 sports leaders have been trained to lead lunch clubs for KS1 – this has been very popular and they have become much more confident communicators and have learnt organisational skills. The KS1 children have benefitted from learning new games, practising skills and being more active at lunch play.
Upgrade PE equipment	£7149	- Purchasing/replacing whole class sets of equipment has led to higher quality PE lessons with all children able to participate at once. - Children have been enjoying practicing football, netball and tennis skills at break and lunch play with the extra sports equipment available - This has also increased activity levels and helped to reduce behaviour incidents. - Pupil Sports leaders also make use of this equipment and are role models, promoting and leading physical activity during lunchtime play
Re-subscribe to The Complete PE scheme	£500	- These fully comprehensive lesson plans enable teachers to teach high quality lessons and ensure that skills progress across the school. - PE leader can articulate St John's FMS progression from FS1 into KS2 (basic skills) and then into KS2 (skills and their application across a selected range of sports.) - CPL videos ensure that teachers can identify small steps and live assess/respond to gaps in knowledge and skills, so all children build on prior learning.
Hiring professional coaches	£5206	- We work with several local sports coaches to offer high quality teaching, CPL opportunities to staff and popular after school clubs to increase participation. - Teachers continue to increase their confidence, gain ideas, observe demonstrations and instruction delivery, have a better understanding of small steps, can support and stretch different learners and have enjoyed seeing their children learning from an 'expert'.
Playground markings	£1580	- Lines on the KS1 playground have meant that PE lessons are more organised and boundaries can be set more effectively - Children enjoy using the lines for games at playtime, leading to more active play and creativity

Activity	Budget	Impact
Early years & KS1 physical development equipment	£2500	- This equipment has enabled higher quality sessions in physical development for all children in the reception class. All children are becoming more confident and competent in acquiring FMS. - A number of identified children with needs in this area are benefiting from the purchase of this equipment so that they catch up with their peers.
Transport to sports events	£100	St John's have been able to enter several school sports events this year: football, netball, athletics, hockey, windsurfing, sailing, multiskills – giving more children a chance to compete against other schools and learn new skills in festivals.
Camping equipment	£1373	Y5 children took part in a camping experience, giving them valuable OAA skills such as teamwork, problem-solving and decision making in a natural setting.
Top up swimming	£800	Several Y5 and Y6 children benefited from the extra swimming lessons offered. Given our seaside location, this is a really important life skill that these children now possess and will be safe near open water.
Taster Days	£2172.63	- All children learnt a dance for the Christmas service from a professional dance teacher and performed on stage. - Y6 children took part sailing taster session at the National Sailing Academy – this is on our doorstep yet, given our demographic, most St John's children would never get the opportunity to use it. - All children took part in a Divali dance workshop, experiencing dance from a different culture. - Some children experience dance and yoga workshops as part of a Y5 festival. - Y5 children took part in a windsurfing taster session at the National Sailing Academy – this is on our doorstep yet, given our demographic, most St John's children would never get the opportunity to use it.
Total	£17454.12	

Swimming Data

Meeting national curriculum requirements for swimming and water safety 2024-25:

What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	80%
---	------------

What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	60%
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	60%

Action Plan for 2025-26

Our Sport Premium Funding for this year is: £18,000. The following plan details how we plan to use the money to maintain and improve provision:

Activity	Budget	Anticipated Impact
Scrapstore scrap top-up	£1100	Continued positive impact on increased physical activity from previous years
PE leader release time	£2000	- This time will also be used to take children to sports events- focus groups and individuals identified to promote enjoyment of sports for disadvantaged pupils and reluctant participants - Pupils accessing Interventions such as Learn to Move are monitored and progress evaluated to understand how PE offer can further develop impact for these children - This will also include the monitoring and evaluation of PE across the school, with a focus on ensuring the lowest 20% are supported (including maximising participation for reluctant participants) and that the fundamental movement skills are developed in early years.
Upgrade PE equipment	£2000	- Purchasing whole class sets of equipment will lead to higher quality PE lessons with all children able to participate at once. - More sports equipment available at break times will increase activity levels and will help to reduce behaviour incidents. - Pupil Sports Ambassadors are role models and promote and lead physical activity during lunchtime play
Re-subscribe to Complete PE scheme	£500	Continued positive impact on the teaching of PE from previous years and for new staff
Hiring professional coaches	£6000	Continued positive impact on staff PE confidence levels from previous years
School team kit	£500	Increase the profile of St John's at sports events
Top up swimming lessons	£900	All Y5&6 children will be offered the chance to achieve 25m, an essential life skill in our seaside location.

Activity	Budget	Anticipated Impact
Transport to sports events	£1000	Continued positive impact on uptake of sports events from previous years
Bikes and scooters	£1000	Replacing the KS1 bikes and scooters and purchasing larger bikes for lower KS2 will ensure all children at St John's are competent riders
Total	£15000	

Monitoring and Evaluation

- This report will be updated at the end of the academic year to identify the success of the above initiatives and the impact that they have had.
- Delivery will be monitored by the PE Leader in the first instance. This will be overseen and managed at senior level by Amanda Aze.
- We will monitor the take-up of activities, including by children entitled to Pupil Premium funding.
- Monitoring will include observations of teaching, drop-ins to clubs run by school staff, volunteers and outside agencies to ensure that provision is of high quality. We will review progress against this plan and to identify next steps, on a termly basis.
